

I had to ride out on my opps, they was moving sick
Too much shots up in this Messi, love to make it kick
This for all the dogs, I'll never do a Michael Vick
I gave my niggas all a promise, I'm gon' change the six
Shout out my plug, showed me 30 glizzys in the condo
This for all the hoes that held me down up in Toronto
Had the apartments doing NFL football numbers
Did the race so much times, I had to fix the bumper
Eating Mac and Cheese for dinner, I was getting cheesed
Made my feend do the ride out with me, 40 piece
What you want, new Chanel?, I'll give you 40 piece
Hope them niggas rest in piss, in sum muddy pee
All my south bitches ass stung by bumble bees
Catch a lil' bitch on Friday, pay her BBL
Went casino, swear to God, I held my biggest L
Lost a 50 piece on black jack, I was going dumb
This for all the hoes that held me down and rolled the blunt
Me and blunts making money since we was fucking young
I wished my nigga held the charge that time, but he didn't budg
