Know that if I'm smoking on tha blunt and it's exotic  
Freaky bitch talking all crazy all exotic  
I know she don't understand me  
Know we pulling up with all the family  
Old bitch bragging how she had me  
Goofy nigga thinking that I trust him, no  
I see niggas die for that assumption

Had to call the homie for a one on one  
Said that he got some new plays for us to run it up  
Double up

In the kitchen  
Granny too old don't know what I'm cookin up
