Wanna wake up to the baddest
Unshade room, livin lavish
Try dope dealin that's tatted

He move left then we ban him
As a young boy been reckless
Get a new gun and we test it
Pull up in a Tesla

I can't say I want better
Used to trap, trap in a Jetta

Need baking soda and I'll send her
Now I'm in the pain like a sinner
We always used to crash the fender
New whip crash the fender
Send it back make it better
