Smiley

Mm, uh (CashMoneyAP)

Baby

Just pick up the money, this for the strippers (Huh?)

I can't chill, those are my niggas (Can't)

Studio trappin', I'm movin' different (I'm trappin')

Gotta go OT, gotta do it different (Different)

I'm different (Different)

Bookin' flights all year, it's crazy (Gang)

Where next? Dubai or Haiti?

I'm just livin', I don't wanna settle (I don't)

Fuck all these hoes, they movin' so ghetto

I'm shootin' my shot, like Melo (Shootin' it)

I'm back in Toronto, leave me

I made this shit look easy

Want bro in bustdown VV's (Uh-huh)

I want them to see me on TV (It's gon happen)

He seen how I'm doin' lately (He seen that)

'Cause that's what I've been on lately

I've been on the wave, been on the ride

I wrote this shit in the sky

Fuck all these guys, choose up a side

Four piece combo, not with the fries

Look where I came from, look where I'm at

How you gon' tell me it's cap?

Been on my [?] at Saks

Got my whole city on my back

Put my guys on the map

Everything lookin' so nice

Took L's, but fuck, that's life

She just think I switched, that's right

Can't think the same, you crazy

I'm made in Toronto, baby

I got ears all over my city

I might come to the club with fifty

We here, now it's up and stuck

My bro at the Lamb' truck, was in lane ways trappin' 'til daylight

Make a right seem cost by a streetlight

I'm gone, I'm off this

Wherever I go, I'm the topic

I got Draco's and Glizzy's for options

Just pick up the money, this for the strippers (Huh?)

I can't chill, those are my niggas (Can't)

'Cause that's what I've been on lately

I'm shootin' my shot, like Melo
My heart turn black, like venom
Twenty bands a show, I got 'em
Back to school [?], I swear I got 'em
You hate me, I noticed
Back then, the car, they towed it
Back then, came home, the door had a notice
I ripped it apart and threw it
Hit the trap maybach, I knew it
Been up for two days tryna get it
See through me wrong, I'll dead it
The glizzy plastic, melt it
Whatever I did, I said it
I'm the manifest king
I still bring her to Hong Shing
This year [?]
I won't give her my aux, she a bag ting

Just pick up the money, this for the strippers (Huh?)
