Yeah rep the 6 out in LA like I'm lebron
She gon do it cause she know that I'm the one
When I reach back in the ends I'm the don
All my Killy's proud of how far I done come
All my bitches proud of how far I done come

Bett my momma proud of how far I done, I done

Hidden hills from the block, fuck you think nigga
In the pent wit it, black truck got my friends in it
Pockets full of 20's, 50's blues, ain't no 10's in it
Ain't no 10's on the V when I spin in it
Will they knock you off for free, it all depends in it

If my block got sum motion, I got my hands in it
Trap life there really isn't no good end to it
Disney land I got my daughter and my bitch in it

Yeah rep the 6 out in LA like I'm lebron
She gon do it cause she know that I'm the one
When I reach back in the ends I'm the don
All my Killy's proud of how far I done come

Yeah rep the 6 out in LA like I'm lebron
