

Kept Snowin

Smiley

Don't fuck around I'll book your flight make you fly flair
And stop asking bout the old smiggs I'm not there
I just got 100 bands made me feel good
I might call up lil Andre say what's good
I ain't happy with where I'm at but I keep going

Her heart got cold cold cold and it kept snowing
I'm on sunset boulevard but I'm not happy
But all these palm trees she sees makes her so happy
I been recording in a hotel for 3 weeks
But keep thinking what you want cause I'm so sleep
Keep thinking what you want cause I'm so sleep
But Keep thinking what you want cause I'm so sleep
I been recording in hotel for 3 weeks

My name ring bells like lay lays French school
I pray my daughter really end up with a good dude
And go to law school but I think she wanna rap too
The only reason why I'm here is cause of smart moves
I wanna love you but liya keep texting me
And deep down I really think she the best for me
Can't give the rest of me dessi gave me exctasy
And what's up with your friend she keep texting me
Nigga thought that slowed me down but I kept going
All those long nights we did to pay those good lawyers
You wanna fuck with the gang but you not loyal
Back then I had to make sure the water boiled
Back then I was getting bitches cause my trap ran
They on the 18th floor doing handstands

Don't fuck around I'll book your flight make you fly flair
And stop asking bout the old smiggs I'm not there
I just got 100 bands made me feel good
I might call up lil Andre say what's good
I ain't happy with where I'm at but I keep going
Her heart got cold cold cold and it kept snowing
I'm on sunset boulevard but I'm not happy
But all these palm trees she sees makes her so happy
