Trappin' like a bitch

Here's work, try it
No scale, eye it
Chip off, tie it
Red hair, dye it
Jesus piece on my neck
Louie scarf on my neck
Everybody want help
But nobody gonna help
I'm going hard like James
But I ain't into no games
I started off in the gardens
Shooters, Harden
Whippin' up work till it hardens
Fiends knockin' up in my ends
Met her drinking that diamond
She do what I say like Simon
My trap run 'cause I put time in
He find him, it's all about the timing
I'll never choose a bitch over a diamond
But it's summer time, bitches we are hiring

Fuck you, fuck him
Homie, trust him
6 buzz how we buzzin'
Try us and we bustin'
He got a brick cause she fucked him
He sold H and she sucked him
How easy she seduct him
He fell off and she ducked him
I don't care about a hater
She smuggles bricks and we pay her
We trap hard, party later
We push hard like it's labor
No sleep, no sleep
Trap, trap all week
Benzino keys
50 down, no lease
You should see how she treat me
I come home and she please me
I go down and she leave me
Give Eric 10 and he freeze me
Give Eric 10 like peezy
You should see how she treat me
I come home and she please me
Give Eric 10 like peezy
