

## Long Nights

Smiley

She wanna celebrate, but right now I ain't celebratin'  
But right now I ain't celebratin'  
Yeah, yeah, uh, yeah

She wanna celebrate, but right now I ain't celebratin'  
While we waitin', I'm on beats skating  
I never bring people where I'm stayin'  
I can't trust them, what are they relayin'?  
I seen too much guys start betrayin'  
I'm prayin', I promise I'll make it  
He's tryin', you just gotta rate it  
We was like fourteen servin' fiends overtime  
I was like nine years old deliverin' newspaper  
I had big plans writing it on note papers

I keep downplayin' my name like I'm not major  
I gotta give back, I know I owe big favors  
I keep whipping up the work, I'm the foodmaker  
B was cleanin' up the glizzy, he the tool maker  
I know I fooled them, they thought my run was done, right  
And now they hatin' on the kid, is what it sound like  
I'm on right, we did it with a song, right?  
I'm scarred for life off those long nights

Like I was trapped in the trap for four nights  
I could've left, I just didn't I had all rights  
Now we goin' overseas on them long flights  
Shit was worth it, my daughter seein' warm nights  
It's only us, so I hate it when my dogs fight  
Fucked around, brought this girl on a long hike  
You can't believe all the shit on the blog sites  
When my broski got shot, was the worst night  
It was ironic, 'cause I met Drake that same night  
And that's gang-gang, I love that nigga for life  
I'm seeing bright lights, they say I'm in my zone right  
I'm in my zone now, I wanna be at home though  
Fuck it, I'm in go mode, these niggas on slow mode, huh?  
I'm in control like a remote

I keep downplayin' my name like I'm not major  
I gotta give back, I know I owe big favors  
I keep whipping up the work, I'm the foodmaker  
B was cleanin' up the glizzy, he the tool maker  
I know I fooled them, they thought my run was done, right  
And now they hatin' on the kid, is what it sound like  
I'm on right, we did it with a song, right?  
I'm scarred for life off those long nights
