Smiley

I can't live the same as these lil niggas
My moms need a house and my nephew's sister
I need sum quicker I was tired giving work to these lil niggas
These hoes trying to work but work out with your nigga
I love all my guys I don't see them different
I'll be damned if they say that I'm moving different
Niggas trying to kill me, gotta move my pivot

My arm start to hurt when I whip that break up
I take a L come back up like a sit-up
What the fuck get your weight up
'Cause he dropping all those tracks and it don't say none
I said I love you, maybe do but it don't mean none
I got this model bitch, she feen'n but can't get none
I need some perks call your man if he can get some
And call that bitch that you posted, I want a threesome
I love my team, I get a bag, I split it 3 ways
I give her time on the night shift on the free day
I'm with the plug and this bitch but he don't show face
My plug he mad at me 'cause of old shit
I was fucking up the packs and then I owe shit
I look back, I do it different, that was hoe shit
Now I'm in too deep, I gotta move quick
I cannot shoot this unless he test me
I had little self esteem but now it's up there
I be thinking to myself like how we get here
She said it's amazing, she loves the lifestyle
You have to put yourself first for this lifestyle
