Your shooters on my block but they're missin'
I just got the work, I gotta chip it down
I just got the work, I gotta chip it down
Your shooters on my block but they're missin'
My shooters on your block with the FN
I just got the work, I gotta chip it down
I just got the work, I gotta chip it down
Your shooters on my block but they're missin'
My shooters on your block with the FN

I just a bought a shotty

I just fucked a thotty
Blunts gave her a molly
We having a party
Just bought another shotty
You don't wanna 'polly
We sliding like its hockey
We pop em' like a molly
I split it with my colleagues

I just put my stick in a 30
Sold my last stick cause it's dirty
This bitch she on my dick, she moving flirty
She love that I'm chillin' with my 30
And I don't like it straight I like it curly
And shorty suck my dick like a slurpy
I love hittin the trap when it's early
And I swear all these hoes used to curve me

I just got the work, I gotta chip it down
My shooter got the drop and he run em' down
If it gets hot we go outta town
We all got guns but it's different sounds
Your bitch she wanna fuck with a trapstar
I fucked her so quick like a Nascar
And I don't get shit I don't ask for
If you want a feature I want cash for it

I just got the work, I gotta chip it down
I just got the work, I gotta chip it down
Your shooters on my block but they missin'
My shooters on your block with the FN
I just got the work, I gotta chip it down
I just got the work, I gotta chip it down
Your shooters on my block but they missin'
My shooters on your block with the FN

I just a bought a shotty
I just got a shawty

I just bought a shotty
I just got shawty
I just bought a shotty
Like, I just got a shawty
