Beat it up, Bavaro

Don't worry, I got him, my guy in the cut and he shot him
She want it, I buy it, I send that lil' ho to my stylist
This a deposit, don't worry, you know that I got it
I know I'm goin' win, I know it, the scoreboard always show it
They had their chance, they gray'd it, it's me or you who'll make it

Her ass so loud, it's shaking, I checked her out my wish list
I know these guys, they wishin', damn, damn
They wanna see the downfall, but I still wear that Prada

I gotta keep a shorta', I hear the voice, I hear them
We skirting off Maclaren, this shit so loud, they hear it
This clout like a bitch don't lose it, she a bad lil' ho, she c hoosin'

Choosey, she wanna play me Snoopy
This rap shit got me keezy, I feel like Wayne in 3peat
I sign the deal and repeat, I sign the deal and recoup
We might go out in a coupe, this shit get live in the shoes
This lifestyle deeper than you, I don't even care if I lose

I mean it, I seen it
Three guys in the cut mischievous
Can't stop for no cop, I floored it
I'm touring, she left your ass, you're boring
I'm touring, she left your ass, you're boring

Don't worry, I got him, my guy in the cut and he shot him
