

Spill The Tea

Smiley

I used to play Wayne on my mp3
No one in the school bus fucked with me
So fuck them all, I'm really only here with me
I'm really only here with G
I'm really only here with knee
Stop tryna spill the T
TT a sexy B
I wanna go to Argentine
I wanna help the moms that need
We show love to the special needs
This is that smiggle speed

You put out your hand like we
Stop doing that to me
I used to be bad at school
I used to be bad at rapping too
Stop asking them to know if it's true
Broski let us know what to do
Out here late nights writing these tunes
That's all I really know what to do
I'm going LA next month for good
Next time you see me I'll be the goat
Wanna go on a boat with Boat and play him my songs like, "Look"
I just need a couple hooks
I'm starting to read some books
The one that you told me, Moiz
French said to be the voice
But that's what I did, of course
I'm just a different source
Why don't my friends promote?
Why did my mom divorce?

I used to play Wayne on my mp3
No one in the school bus fucked with me
So fuck them all, I'm really only here with me
I'm really only here with G
I'm really only here with knee
Stop tryna spill the T
