

# Amphetamine

Smino

Moonlight disrupt the day  
Been like this every night  
Walking in stumbling  
Fucked up some bread today  
Though I said no no this time  
Cycles on cycles  
It's like an amphetamine  
How it marinate on my mind  
Stuck on me, yah  
Got no doubt I'll be alright  
If I just make it through the night

Pass me the amphetamine  
Right now can't focus on anything  
Why they take lil bro instead of me?  
I hurt when you hurt, we was siamese  
Nigga was seventeen, when I found out what that cheddar mean  
Rats'll bite holes through the wall to get close  
Watch for their trail, man they always be close  
Back-a-wood rolla, really a smoker  
This louder than when you drive on the shoulder  
Stomp on the gas 'til I'm blowin' the motor  
Can't 'ford to sit with my thoughts or it's over  
Really but luckily, I got a real one, she fuck wit me  
Shawty, she yellow, yeah keep me on my toes, stay mellow  
She deserve a fucking ring

I'm off the sedatives  
Amphetamine  
I don't know where I'm headed  
Don't know where I'm headed  
Sedatives  
Amphetamine  
Sedatives  
I don't know where I'm headed  
Don't know where I'm headed
