Smino

Hey
Ooh-ooh, ooh

Won't you get down with me, down with me, down with me?
Don't put me down, put me down, put me down, put me
Won't you get down with me, down with me, down with me?
Don't put me down, down with me, hold on, uh

I got the crowd repping 'round the whole town for me
They mama proud, got a thou' in the balcony
Nah, nah, nah
I don't hear no clown talkin' foul on me
Wan' shoot me down, shoot me down, send the cavalry
It's been a while since I had time for me
Won't you get down with me, down with me, down and hello
Mais' Margiela with the polo
Like my hairstyle, don't you? (Oh)
Nights like this, I wish I was wit' you (Oh)
On my turf, roll out, the [?]
She like when I hit the receiver
Friend hop in, this is a four seater
Made it yank, straight out the wood, I'm Derek Jeter
Major leaguer
No Fatigue, uh
We don't need no handout, we don't give no Macarenas
Baby girl, throw your back, I'm tryna work, you need a breather
I need a break

Won't you get down with me, down with me, down with me?
Don't put me down, put me down, put me down, put me
Won't you get down with me, down with me, down with me?
Don't put me down, down with me, hold on, uh
Won't you get down with me, down with me, down with me?
Ooh, you down with me, down with me, down with me
Ooh, you down with me, down with me, down with me
Ooh, you down

Hmm, hmm, hmm
Tell me who you talkin' to?
Roll up that Sinatra, fly lil' mama to the moon
She ask me what's my life path?
Told her, fifty-five south to DeKalb
So many couches I crash
Shout out Zaza, Dre-Dre, and shout Classick
Baby, I know you really wanna be my only one
But I need me somebody to hold on 'til the sun come up (Baby)
Baby I know you really wanna be my only one
But I need me somebody to hold on 'til the sun come up (Baby)
Baby, I know you really wanna be my only one
But I need me somebody to hold on 'til the sun come up (Baby)
Baby, I know you really wanna be my only one
But I need me somebody to hold on 'til the sun come up (Baby)

Still
Still don't know
Still
Still don't know

Still
Still don't know
Still
Still don't know

Baby, I know you really wanna be my only one
But I need me somebody to hold on 'til the sun come up (Oh)
Baby, I know you really wanna be my only one
But I need me somebody to hold on 'til the sun come up (Oh)
Baby, I know you really wanna be my only one
But I need me somebody to hold on 'til the sun come up (Oh)
Baby, I know you really wanna be my only one (Oh)
Whoa
