When she told me your rap name right  
Yeah  
I said, "Smino?"

They were just tellin' me about him  
I didn't know your rap name right now

I went to put it in the kiosk one day, boom it popped up

It popped right up  
I was like, "Wow, hey, look, my nephew, he [?] the kiosk  
He doin' big things  
His daddy was gifted, now he gifted, you know?"
