Audemars baguettes, same color chardonnay
Snowflake fallin' out the face by the marble gate
I made a call to bae and told her breakfast on the way
I'm so late, I push the ball like Charlamagne
I marinate and make the music that lil' momma like
My bae got ass, got a MBA
Headed to class, she let me NBA
Threw it off the glass of the Hennessy, mm
Kinda tight in here, baby came from Tennessee
I'm a Viking here, swimmin' in the sea
Trim that lil' tree, I'm creme de la cream
Smi, I like when you rap more than you sing
So, I am, let's get to it
I like all my bitches bad and boujee
Oh my God, d-d-d-damn, you do it

If the hair right, Smino be there every night
Pussy airtight, tryna come get air fright
I don't care 'bout no ridicule on no website (Uh-uh)
I know niggas get rid of you for the right price
Dot my Is and I stretch my Rs
Mister off that brown, the blunt look like Cora, see

Baby, you know
I like to take my time with it, like, I ain't from Russia
So what I'm rushin' for?

Lifted off the sticky weed (Ooh)
See, ain't no place I'd rather be than with you (Ooh)
Smokin' dis doob (Ooh)

I rap good, smoke good, fuck good
Look good, shit good (Shit good, ooh)

I rap good, smoke good, fuck good
Look good, shit good (Shit good, ooh)
Good, smoke good, look good
Wish a lil' bitch would (Ooh)
I rap good, smoke good, look good
It's good

Okay

You know what I'm sayin'?
As long as you know, at the end of the day
It's all about gettin' these ideas out, man
Whatever your plans, whatever you had up your sleeve, bruh
Make sure you go and unroll those hoes
So these hoes see what the fuck you got goin' on
'Cause if you don't do it' somebody else gon' do that shit
Yes indeed, brother, there you go (Facts)
Brother, you have a good day today
