I want a refund
I want a redo
Told me it'd be fun
They said it'd be cool
Up til I see sun
I ain't been
Gettin no gettin no gettin no sleep
Can't read me with that bullshit no more
And I ain't been
Gettin no gettin no gettin no sleep
I changed my number and area code
Ohh I
Ahh I

By the time that you hear this hope they clearing out
Now I'm all up on your body had you screaming out
Got me fiening now
Type of pussy have a nigga going out his brain
I'm just tryna keep my base I'm tryna stay in frame
Next thing you know she was with the potion tryna the numb the pain
She's heavy on my brain bout to go insane
(Bout to blow my brain)
(Imma go insane)

And I ain't been
Get no get no get no sleep
Can't hit me with that bullshit no more
And I ain't been
Get no get no get no sleep
I changed my number and area code

Nights I can't focus
Call my gyal like
Bust it open
I'm outside ya home
Is it this this this kush I'm smoking
Got me thinking thought provoking
Doing something to my lung
Nights I can't focus
Call my gyal like
Bust it open
I'm outside ya home

We are now boarding the lovercraft
Make it feel warmer than a baby laugh
Aw, Baby
You forgot your ticket

Shit get wicked
Just pay me cash
And if you ain't got that just pay me mind
I'm the love lord
Just tryna lose less and love more
I tell you what, it's on a house this time
