

One more good time, mmh

I-I-I (I-I-I), took your baby mama to the south-south-
south (to the south-south-south)
It was hot outside (it was hot outside), oh, my-my-my (my-my-
my)
Know you probably missed her, kissed her bye-bye-bye (bye-bye-
bye)
Like mwah-mwah-mwah, oh, bye-bye-bye (bye-bye-bye)
We are not NSYNC but she on my Wi-Fi (she's on my Wi-Fi)
Like you just done, ooh, you just done
Timber in her lake, she cry me a river (cry me a river)
I say "Au Revoir", ooh, "Au Revoir"
Je t'aime
I should drink alone, like my timbs

I late night walk like a pimp
But I'm a gentleman, baby
No doubt about it, we in Waikiki, blow Maui
We left the party, too crowded
I'm high like Jehovah P
Huh, somewhere overseas, prolly in some ovaries
She love the swings, and got old to me
Your new boo, she kinda old to me
Eighty-five times, ocho 'cinc
Pull up and her iPhone synced
Diamonds wetter than your kitchen sink
Heavy bitch can't swim, I sink
Floating in her pretty pink
Pink on my scalp like granny teach, it's deep
And the pussy really, really like a sport to me - Espy
Really try to get plugged into you-SB
