

Oxygen

Smino

I got blood on my knees
Knee deep in mud from the mud let me breathe
He just a thug let 'em die in the streets
Cigarette butts, glass, and rocks in my teeth
And I'm choking out, I need oxygen please
Dreading the day like I locked up my bro
Remember the day that they locked up my bro
Ain't been the same, feel the shit to this day
And I'm choking out

I need oxygen, oxygen, oxygen (uh)
Oxygen, oxygen, right now I'm choking out
I need oxygen, oxygen, oxygen (yeah)
Oxygen, oxygen, yeah

She bow-bow when she ad lib
I got a Waka Flocka of these booches to ease my pain
Living single though, don't got the time of day
Plus I still live at the stu' tryna pay bills that been due
For a while now as the world spin
Tryna spend more time with pops
Heard he bout to go to the doc and get surgery
Shock cause it been so long since he done heard from me
Now it's emergency
It's hard to smile now, so I pow wow
With a big booty bodequa, smoke and eat cold pizza
Hor d'oeuvres and herbs how we splurge
Wasted I crash in your curves, stick shift, reverse
Smash on your couch and disperse
Won't call for a while now yeah
Now we don't speak no more
Not used to blessings, reject my rewards
It's either that or get bored, I don't know, know
Nah, what it is? Why I-fuck this shit
I'mma get high today, high nigga, holiday
Pumping the gas in my room
Getting immune to the fumes
My tank on E, I need a pick me up
Can I Uber to Jupiter witcha?
This world been so brutal for niggas
Hands up they still shot go google the pictures
So ooh, it's ridiculous

I got blood on my knees
Knee deep in mud from the mud let me breathe
He just a thug let 'em die in the streets
Cigarette butts, glass, and rocks in my teeth
And I'm choking out, I need oxygen please
Dreading the day like I locked up my bro
Remember the day that they locked up my bro
Ain't been the same, feel the shit to this day
And I'm choking out

I need oxygen, oxygen, oxygen (uh)
Oxygen, oxygen, right now I'm choking out
I need oxygen, oxygen, oxygen (yeah)
Oxygen, oxygen, yeah
