Smino

Ayy, man  
Woah, Kenny

I whip the cherry wood  
I whup the pussy good (you know, you know)  
I done got a few loose seeds, no biggie though  
Big doobie and do it with the mo-at, find me where your hoe at  
Face all in the couch like, "Where the remote at?"  
Pushin' up the cushion, acid and the kushes  
Whoopsies - hoo!  
Upon my arrival she produced a lot of saliva  
Church say, "Man, my soul need a revival"  
I sing a tune to your womb and make you cum-baya  
Tag that ass like Levi Strauss, my gosh  
It's funny how proud traditions  
I was rich and in love, she wanna love me on a rollie  
Missin' it, oh  
Boogers in my blunt I don't play with my nose  
Monte and Kenny done boom bap-tized these hoes  
Shit

That's a dub  
That shit fire  
Alright  
Come out here  
Alright
