

Alice

Smith & Thell

You wait for the heartache
You wait for the heartache coming to get you
You're so scared of failure
Your so scared to fail that you fear to live true
But you've been a good girl
Hey, you've been so good
Oh, tell me now, haven't you?
So what about you love?
Go get what you want
You deserve to fuck up too

And life is gonna beat you
And love is gonna trick you
But you will find your baby
And no, I can't protect you
But I'll be there to catch you
You will find your baby

Oh-oh-oh, Alice
You don't need to worry
'Cause one day you'll find home
One day you'll find home
Oh-oh-oh, Alice
You don't need to worry
Oh-oh-oh, Alice
Oh-oh-oh, Alice
Oh-oh-oh, Alice

So put down you elbows
And up with your feet right on the table
And tell me the bad thoughts that your holding in
Just swear like a sailor
But you've been a good girl
Hey, you've been so good
Oh, tell me now, haven't you?
So what about you love?
Go get what you want
You deserve to fuck up too

And life is gonna beat you
And love is gonna trick you
But you will find your baby
And no, I can't protect you
But I'll be there to catch you
You will find your baby

Oh-oh-oh, Alice
You don't need to worry
'Cause one day you'll find home
One day you'll find home
Oh-oh-oh, Alice
You don't need to worry
Oh-oh-oh, Alice
Oh-oh-oh, Alice
Oh-oh-oh, Alice

When everything's hurting, I'll keep you safe

I'll be an ocean when tears run down your face
When everything's changing, I'll show you the way
I'll be an ocean when tears run down your face

Oh-oh-oh, Alice
You don't need to worry
One day you'll find home
One day you'll find home
We'll live together in a big house
Find a place that's far out
Oh-oh-oh, Alice
Oh-oh-oh, Alice
Oh-oh-oh, Alice

Oh-oh-oh, Alice
Oh-oh-oh, Alice
No need to worry
