Dumb

Smith & Thell

I got you so far on my mind
Won't you take my body down town
I got this love dust in my head
Boy I can't fall out in love now

So welcome to this awesome party
Moulin rouge, confetti baby
Love is a gasoline of mind
Love is a gasoline of mind
So welcome to this awesome party
Stay forever hold me in

La-la-la-love me dumb, dumb
Cause girls believe in love until
Boys turn them numb, numb
Oh I believed in love dust that make me dumb, dumb
Cause girls believe in love until
Boys turn them numb, numb
Oh.. love made me dumb

I got this so far on my mind
Won't you take my body down town
I got this love dust in my head
Boy I can't fall out in love now

So welcome to this awesome party
Moulin rouge, confetti baby
Love is a gasoline of mind
Love is a gasoline of mind
So welcome to this awesome party
Stay forever hold me in

La-la-la-love me dumb, dumb
Cause girls believe in love until
Boys turn them numb, numb
Oh I believed in love dust that made me dumb, dumb
Cause girls believe in love until
Boys turn them numb, numb
Oh.. love made me dumb

I'm dumb I know I'm dumb for you but I'd rather stay high on your lies
And now, I never feeling it all rather stay high on your lies

So la-la-la-love me dumb, dumb
Cause girls believe in love until
Boys turn them numb, numb
Oh I believed in love dust that made me dumb, dumb
Cause girls believe in love until
Boys turn them numb, numb
Oh.. love made me dumb
