

Feathers & Gasoline

Smith & Thell

City lights, they flash before us
Let me hold you
The dreaming days, yeah they're all over
Our wishes came true

This could go in a hundred million ways you say
Hold me now
You are feathers and I'm gasoline
If this is for real now, run with me, come what may

Cause if you wanted me why wouldn't you just say so, just say so
There's no game to play, you can let your heart show
And just say so
A highway in the summer, feels like we are getting younger
As we go
Let us drive forever in this moment
Through the wonders of the world
Don't ever let me go
(Don't ever let me go)

Golden days, they come and they go
But I'll still love you
Remember why we got on this road
Your heart will guide you

This could go in a hundred million ways you say
Hold me now
You are feathers and I'm gasoline
If this is for real now, run with me, come what may
(Oh...)

Cause if you wanted me why wouldn't you just say so, just say so
There's no game to play, you can let your heart show
And just say so
A highway in the summer, feels like we are getting younger
As we go
Let us drive forever in this moment through the wonders of the world
Don't ever let me go

Don't ever let me go
Don't ever let me go
A highway in the summer, feels like we are getting younger
As we go
Let us drive forever in this moment through the wonders of the world
Don't ever let me go
