

Nangilima

Smith & Thell

It's a bad bad world
For a broken girl
She tried to leave this place
Many times

But we shook hands in blood
I made a promise, love
I'll meet you there that day when it's time

Go put your best dress on for one last night
I hear them calling on the other side
Come hold me tight
Oh can you see the light

You're my pink dressed ballerina
There's high cliffs in Pasadena
If you long for Nangilima
And you ever wanna leave

I would never go without you
But If you feel this world is way blue
I'll consider checking out too
If you ever wanna leave

Say Nangilima
Nangilima

You've been through enough
But I can't live without you
So if you say the word
Say it's time
Yeah it's time
Yeah it's time
Yeah it's time

Go put your best dress on for one last night
I hear them calling on the other side
Come hold me tight
Oh can you see the light

You're my pink dressed ballerina
There's high cliffs in Pasadena
If you long for Nangilima
And you everwanna leave

I would never go without you
But if you feel this world is way blue
I'll consider checking out too
If you ever wanna leave

Say Nangilima
Nangilima
Nangilima
Nangilima

Got to tell me if you plan to leave
It's not living if you're not with me

Got to tell me if you plan to leave
It's not living, it's not living

Got to tell me if you plan to leave
It's not living if you're not with me
Got to tell me if you plan to leave
It's not living, it's not living

Your mypink dressed ballerina
There's high cliffs in Pasadena
If you long for Nangilima
And you ever wanna leave

I would never go without you
But if you feel this world is way blue
I'll consider checking out too
If you ever wanna leave

Say Nangilima
Nangilima
Say Nangilima
Nangilima
Nangilima
Nangilima
Nangilima
If you ever wanna leave
It's not living if you're not with me
