

# Planet Mars

Smith & Thell

You live in a world  
You live in a world a thousand light-years from me  
But there was a time, there was a time  
When you used to be mine

I saw a girl and she looked like you  
She had your hair and the same perfume  
See you in everyone I'm talking to  
Hey, baby

And I still hear the door like you're coming home  
And I still hear your voice, though I know you're gone

Baby, I wanna be with you baby  
I wanna be with my sweet and, loving, weird and silly baby  
I wanna be with you baby  
Although you come from another world  
And live on Planet Mars  
I would go that far  
Just to see you again  
I would go that far  
To Planet Mars
