

High school freak

Smog

Despite what all the big doctors say
I'm not ready to get out of bed today
Don't push me out
To the daylight
And the sunlight
Had terrible fight
Despite what all the big doctors say
I'm not ready to get out of bed today
Don't push me out
To the daylight no the sunlight
Gives me
A terrible fright
Friends with the moon
So go at noon
In second place
To a high-school freak
Never got it right
Highschool freak
Just a high-school freak
Who never got it right
Sunlight gives me a terrible fright
