

Fiscal Thoughts

Smoke DZA

DZA, uh

Constantly paid dues, got paid too
Whole 'nother story, now we on page two
Trial and error, happy that phase flew
Mama beat cancer, shook off stage two
Thank God for sendin' 'em life angels
I just prayed for good health and bang too
All 'em plays, home safe, trust and thankful
All 'em days tryna figure out my angle

Dollars on my mind (That's right)
Shawty, wait for me (Uh)
I'm just tryna get the bottle, shawty wait for me
I'm just tryna get the water, shawty wait for me
Dollars on my mind
Shawty, wait for me
I'm just tryna get the bottle, shawty wait for me (Uh)
I'm just tryna get the water, shawty wait for me
Dollars on my mind
Trappin' heavy, livin' good (Uh), take my mama out the hood (Uh)
Just be patient if you could
I got the dollars on my mind
Trappin' heavy, livin' good (Uh), take my mama out the hood (Uh)
Just be patient if you could
I got the dollars on my mind

I probably failed your assessment, pardon my check in (Uh)
But I been gettin' to the money for a second
Had to double back, still as planned
I'm architecting
To perfection, nothin' less than
Strong urbs, long furs, no cap (Uh)
I know he's tryna reach me, I promise I'd call back
I been back and forth all of the globe, that's off rap (Off rap)
All facts (All facts) and all caps
I love you with ya wake up face before the makeup face
Them drunk nights when you wake up late
Binge watch Insecure, just to lay safe
It's a us thing, trust thing, never was me (Uh)
If I ever sold you 'gain, then we never would be (Uh)
Put my best foot forward for the better of we
Forever be together but forever it will be

Dollars on my mind (Uh, right)
Shawty, wait for me
I'm just tryna get the bottle (Right), shawty wait for me
I'm just tryna get the water, shawty wait for me (Right)
Dollars on my mind
(Uh) Shawty, wait for me
I'm just tryna get the bottle, shawty wait for me (Really)
I'm just tryna get the water, shawty wait for me
Dollars on my mind
Trappin' heavy, livin' good (Right), take my mama out the hood (Right)
Just be patient if you could (Right)
I got the dollars on my mind
-Heavy, livin' good (Uh), take my mama out the hood (Uh)

Just be patient if you could (Uh)
I got the (Uh) dollars on my mind

Really, I hate to be so self-centered about coin
But me gettin' euros overseas ain't foreign
Just book the vacation, and I'll join
Flyin' domestic is while boring
Frequent flyin', we cloud tourin'
We out growin' Miami (Ooh)
Somewhere in the Maldives or in the Hammy
If you want money, you understand me (No)
You hear me? Big nigga, five star cuisine, no Aunt Annie's (Wow)
Baby I'm actually the boss of my shit they can't can me
The academy, I sit at the board, rolled Grammys
The average player hater can't stand me
A lime to a lemon, I rolled tangie, uh
I ain't rockin' with nobody 'less it's family
It's a us thing, trust thing, never was me (Right)
If I ever sold you game, then we never would be (Right)
Put my best foot forward for the better of we
Forever be together but forever it will be

Dollars on my mind (Right)
Shawty, wait for me
I'm just tryna get the bottle, shawty wait for me (Right)
I'm just tryna get the water, shawty wait for me
Dollars on my mind
(Uh huh) Shawty, wait for me
I'm just tryna get the bottle (Uh huh), shawty wait for me
I'm just tryna get the water, shawty wait for me
Dollars on my mind
Trappin' heavy, livin' good (Uh huh), (Uh) take my mama out the hood
