

# Get You Some

Smoke DZA

Yeah, get you some  
Yeah, can't wait til I get me some  
Gon' head, get you some  
Yeah  
Just watch when I get me some  
Gon' head, get you some  
Yeah  
Get you some  
Just can't wait til I get me some  
Gon' head, get you some  
Get you some  
Yeah

These niggas can't match my flow  
My dro, hell no  
Live fast while we burn slow

You know  
Yeah  
Home for a while, then back on road  
I'm gone, come back then clame my throne  
You mad  
You broke  
I'm on  
We smoke  
We toast  
West coast  
We brag  
We boast  
Then travel across the gloab  
Turn that shit loud as it goes  
Been counting pounds and euros  
I can't be playing with these hoes  
They bad, I know

Yeah, get you some  
Yeah, can't wait til I get me some  
Gon' head, get you some  
Yeah  
Just watch when I get me some  
Gon' head, get you some  
Yeah  
Get you some  
Just can't wait til I get me some  
Gon' head, get you some  
Get you some  
Yeah

These niggas can't match my drive  
My high, I don't know how he stay fly  
My god, my vibe, more of a shrimp than a lobster guy  
May go check my mobster ties  
No [?] both sides  
Sold pies, no lies  
Stuffed work in an oversized  
This point I'm way past sober high  
Big dawg, can't override

Make sure my photo right  
This cool shit, I'm the prototype  
This swagger don't come overnight  
Glad I found my growth, [?] you tryna find some sauce  
You already know, you better

Yeah, get you some  
Yeah, can't wait til I get me some  
Gon' head, get you some  
Yeah  
Just watch when I get me some  
Gon' head, get you some  
Yeah  
Get you some  
Just can't wait til I get me some  
Gon' head, get you some  
Get you some  
Yeah
