These niggas can't match my flow  
My dro  
Hell no  
Live fast while weed burn slow  
East skeret stay with merlow  
You know  
Home for a while then back on road  
I'm gone  
Come back then claim my throne  
You mad  
You broke  
I'm on  
We smoke  
We toast  
West coast  
We brag  
We boast  
Then travel off across the globe  
Turn that shit loud as it goes  
Been countin pounds and euros  
I can't be playin with these hoes  
They bad  
I know

Go on head get you some  
Yea

Just watch when I get me some  
Go on head get you some

These niggas can't match my drive my high  
I don't know how he stay fly  
My God my vibe  
More of a shrimp than a lobster guy  
I may go check my mobster ties  
No jive

Both sides  
Sold pies  
No lies  
Stuff work in a oversized  
This point I'm way past over high  
Big dog can't override  
Make sure my photo right  
This cool shit I'm the prototype  
This swagger don't come overnight  
Glad I found my growth  
And in the event you tryna find some sauce  
You already know you better
