You watch those nature documentaries on the cable? (Yeah)
You see the one about lions? (Yeah)
You Got this lion. He's the king of the jungle. Huge mane, out
to here. He's laying down under a tree, in the middle of Africa
. He's so big. He's so hot. He doesn't want to move

Uuuuh

I came from nothing to something
Work hard for my spot and I ain't budging for nothing
I made it pop when they was thinking I wasn't
So if I ain't that nigga, shit, these niggas is bugging
I don't hate; I multiply the figures
I inspire niggas, go head, get higher nigga
Do your thing, I ain't got time to meddle
We ain't do it first but we took it to another level
Young niggas getting rich off Rap
But they ain't getting booked because them niggas is whack
A couple lions in the jungle full of mad suckas
Kush God: Get ready for the last supper

Now, the other animals, they notice this... and they start to move in; the jackals, Hyenas. They're barking at him, laughing at him. They nip his toes and eat the food that's in his domain. They do this... then they get closer and closer bolder and bolder, till one day... that lion gets up and tears the shit out of everybody... runs like the wind, eats everything in his path. Cause every once in a while, the lion has to show the jackals... who he is
It's too late to be scared
