

# Why U Still Here

Smoke DZA

(He's heating up)

She said I'm always on that fuck shit (whoa, whoa, whoa)  
If you got another nigga, why you still here?  
And you ain't never had a budget (whoa, whoa, whoa)  
Every time you want it, I just gotta give in  
You said I'm always on that fuck shit (whoa, whoa, whoa)  
Every time you wanna ball, why I give in?  
And you ain't never had a budget (whoa, whoa, whoa)  
Every time you want it, I just gotta give in

You got a hold on me, no holding back  
You know I ride for you, I got yo back  
We fly around the whole globe  
I want the his and her Range Rove'  
I [?] change clothes  
You know this shit a large amount  
I'm tryna overflow yo bank account  
I text yo phone like what you geekin' 'bout  
We in LA, let's take the scenic route  
God damn, girl you know your body on 10  
Yes sir  
Black truck, it can fit all of yo friends

Last argument she got a Jeep  
Different issues, feeling like she mad at me every week  
Cry out her makeup just to make up then repeat  
My homie hit me from Dior talking 'bout a new release  
Couple pieces, he gon' look out on the sneak  
Blew a bag in 20 minutes, bought a trench, she got a fleece  
Look at the tab, shit the price of [?]  
This should last me a lil' while, get me right up out the heat  
All day, all flexes  
Trips to Tulum and you can bring your bestest  
Slick out the mouth, got a habit talking reckless  
But show some gratitude, don't forget I've seen your exes
