488, right, nigga, I'm turnt  
My cup dry, get the whole shit burnt  
Push up on a nigga, get my money, big worm  
I'm getting up just to die in these percs

Fuck on the bitch on a pill, make her squirt  
Came out the mud, bitch, I came out that dirt  
Packs coming in on the 1st and the 3rd  
We dry your man's, get him put on a shirt

How to get money, bitch, I hopped out the Porsche  
And the Lamborghini truck, full speed, it's a vert  
Little bitch ride dick like I put her on sport  
Still playing with a Draco, let that motherfucker squirt

They talking 'bout me 'cause I never lose  
If I lose, I make sure they get put on the news  
Got the game in a lock, had the bitch buy a noose  
I don't gotta say shit to a bitch, she gon' choose

I don't gotta say shit to a bitch, I got two  
Put the bitch in a Uber, she said that I'm rude  
And I just ran 'em out, keep the sex, bitch, I'm cooking  
And game to these niggas, I take them to school

All my niggas got rich in six months  
Niggas really in the trap, ain't no stunt  
Really, fucking niggas, hoes ain't no front  
All the ice on my body cause a cold front

Put these VV's on me, I'm a nympho  
But a bad bitch on me, she a nympho  
Hundred racks on a chain with a hit-fo  
Put two hands in the pot like a pimp ho

Fuck her face with my dick to her dimples  
Top engine on my wrist, keep it simple  
Niggas hating on me, they can't keep up  
I still go to the track, kick my feet up

Louis fur on my back, they call PETA  
Run up a bag in my brand new lil' beat-a  
Play that bitch like a game of Nintendo  
Said she wanna leave me, told her 10-4

I can't stress 'bout a bitch I don't need though  
If it's all on the engine, I speed though  
Tell the cops that we droppin' them, no cap  
Ain't no boat with a glove and a ballcap

488, right, nigga, I'm turnt  
My cup dry, get the whole shit burnt  
Push up on a nigga, get my money, big worm  
I'm getting up just to die in these percs

Fuck on the bitch on a pill, make her squirt
