We can get into it boy, what you waitin' for?
I got 4s to pull, Os to smoke
Bitch it's Lil Purpp, I might fuck your hoe
Diamond chain, diamonds on my teeth, diamonds on my ring
For the gang, bitch it's Gucci Gang, and we blowin' brains
You can't see my eyes I got designer frames
Pulled up in a foreign skirtin' everything
Off the lean like a kickstand, can't feel anything
Got a full clip I'm bustin' everything
And I keep a choppa bitch I make it say
Pulled up to the club I'm throwin' everything
Pulled up on your brother then I hit a stain
I need his weed, I need his Xans, I need his everything
