Smokepurpp

Pull out the choppa, do damage  
Ride with the baby, no family  
I got the racks that you talk about  
Stay in the trap, I'mma break a pot  
Rollie water, real deal  
Drink, pour up the whole seal  
Mama, I made it like Mike Will  
Trippin' on lean and two pills  
Pull out the choppa, do damage  
Ride with the baby, no family  
I got the racks that you talk about

Hurricane, rollie wrist  
Diamonds piss on a bitch  
Get the pack off the ship  
Racks fatter than a brick  
I'm pourin' the tech and it's red  
I'm leanin', I can't feel my head  
My phone, I can't talk to the feds  
The Glock is right under the bed  
Stand in the kitcken, I break a pot  
I'm geekin' off pills and I'm sippin' wok  
Doin' donuts in the parkin' lot  
Maserati and its push-to-start  
I already fucked on your main  
She already fucked on the gang  
She takin' pictures of my chain  
She takin' pictures in the Range  
Rollie water, real deal  
Bitch, I'm geekin' off a pill  
Got soo many pints, I'm just crackin' a seal  
I pour up a four and I drop in a pill

Money soo long, money soo long  
Stain catchin', money stretchin'  
Dumb rich, pull up, blessin'  
Pull out the choppa, I ride with the llama  
So hot Benihana, still pourin' the wok  
While I wipe the whole block  
I'm juggin' and robbin', got rich off the pot  
I'm up, I'm up, got racks, but I'm fuckin' 'em up  
These niggas gon' hate, just know that I don't give a fuck  
Draw down with the K, I bet that lil boy give it up  
She eat it like lunch, she suckin' so long, but I won't bust a nut  
My pockets on stuffin', thanksgiving dinner  
I go so deep in her, I'm breakin' her bed, hear it crack when I bend her  
Lord knows I'm a sinner, bitch I came out a winner  
New audi, no roof, it cost me a check
