

Fly To This

Smokepurpp

CB on the beat, ho
Do-do-do-do, blick, blaow
Yeah
Do-do-do-do
Lil Purpp

Bitch, I'm with the gang, we get fly to this
Came in with the toolie, they still let me in
She just wanna swag and pop some percocets
My bitch, she a ten, and all she do is sin
We-we get fly to this
She just wanna swag and pop some percocets
All-all we do is sin
She just wanna swag and pop some percocets

Bitch, we countin' money, count a lot of it
Bitch, we throwin' money, throw a lot of it
Get the pussy wet, then I dive in it
Made a million dollars and I counted it
She gon' shake that ass, she gon' twerk that shit
I'm off the drank, I'm off the percocet
Custom Louis, yeah, they noticed it
You know where the camera focusin'
Icy now, [?] down
Niggas clowns, they could catch a hundred rounds
Cactus Jack, know the sound
See my flow, they pick it up like lost and found

Bitch, I'm with the gang, we get fly to this
Came in with the toolie, they still let me in
She just wanna swag and pop some percocets
My bitch, she a ten, and all she do is sin
We-we get fly to this
She just wanna swag and pop some percocets
All-all we do is sin
She just wanna swag and pop some percocets
