

Gucci Goggles

Smokepurpp

Whoa
Purpp
Uh
Bitch
Uh

She say I'm ignorant, my engine too loud
That's not my engine, I smoke by the pound
He saw my face, all he heard was a "bow!"
I beat the pussy, I slam that shit down
I can't see shit through these Gucci goggles
I brought the sauce, so these niggas follow
F&N on me, all it hold is hollows
I brought the sauce, so these niggas follow
She say I'm ignorant, my engine too loud
That's not my engine, I smoke by the pound
He saw my face, all he heard was a "bow!"
I beat the pussy, I slam that shit down
I can't see shit through these Gucci goggles
I bring the sauce, so these niggas follow
F&N on me, all it hold is hollows
I bring the sauce, so these niggas follow

When I'm in New York, fuck a top model
I got the green beam on, with like 30 hollows
Leave his shirt looking like a hot sauce bottle
And I'm sipping drank, so you know I keep a baby bottle
I'm a big dog, got big dog money
Hundred racks in the bag, I'm with Playboy bunnies
And I heard he got smoked, thought my young nigga scamming
Let it spark broad day, we don't care if it's sunny
I'm the type of nigga to rob your ass for a gun
I'm the type of nigga to rob your ass just for fun
Got your bitch in the trap, eat it up (use the tongue!)
Niggas talking on the drip, you a motherfucking sponge

I'm rich, so you know she wanna fuck
Blue strips, I'ma throw 'em 'til I'm done
I'm a king, and my bitch roll up blunts
Kingpin, I got money by the bunch

She say I'm ignorant, my engine too loud
That's not my engine, I smoke by the pound
He saw my face, all he heard was a "bow!"
I beat the pussy, I slam that shit down
I can't see shit through these Gucci goggles
I brought the sauce, so these niggas follow
F&N on me, all it hold is hollows
I brought the sauce, so these niggas follow
She say I'm ignorant, my engine too loud
That's not my engine, I smoke by the pound
He saw my face, all he heard was a "bow!"
