

It's Whatever

Smokepurpp

I don't trip on a bitch it's whatever
All this money I'm changing the weather
And I'm busting this bitch at whoever
Bitch I'm popping my shit on whoever
If it ain't about the money it's whatever
40 bands on a fit it's whatever
These invisible set diamonds wetter

Busting racks at the bank nigga TD
That lil nigga a shrimp he a pee wee
I got rich now they yelling out feed me
And I'm taking his bitch not his CD
Nigga smoking propane that's straight out of BP
Pots in the kitchen still whipping up rain

Glock 26 bake a nigga like panini
Got my pockets on swole feeling like Hercules
That bitch lying if she say she ain't heard of me
Hit the bitch off of Xans the shit a blur to me
If I can't keep my gun I can't go in there
In the bowl with my wrist and feet in there
If she bad I might just go pee in there
Bitch I'm a dog like there flees in there
