

No Safety

Smokepurpp

Baby, I'm a trap baby, niggas hate me
We got AR's, fuck a.380
On her face I spilled my babies
Pop out with them sticks, look like the navy
Lean lean Wok, lean lean wok, sleep like a baby
Wake up every morning, Glock, no safety
Dirty cup, in that bitch yeah that's my baby
Keep that fuck shit from 'round here, I'm bussin' 80s

No safety, no safety, no safety
No safety, no safety, no safety
No safety, no safety, no safety
No safety, no safety, no safety

I'm a 90's baby, we don't go no safety
Choppa' very hefty, shootin' out the jet ski
Sippin' on drank, smokin' gelato it stank
Xannies, I get them in tanks
Free bands all over the bank

No safety, no safety, no safety
No safety, no safety, no safety
No safety, no safety, no safety
No safety, no safety, no safety
