

## Not Code

Smokepurpp

Ain't no place in the world where I can't go  
Say he wanna take my chain, I cannot go  
If he ain't finna shoot, what that Glock for?  
Water all on my wrist and it's ice cold

Fuckin' this thot with these cuffs fold  
These baguettes on my teeth got my mouth froze  
I can see through these niggas like backdoors  
I can't beef over hoes, that is not code

Fuck it, we gon' break his bitch  
Shade and shoes match to a brand new whip  
Tell my young nigga go take his zips  
Bitch tryna ride, her ass don't fit

I'm on a whole another level, I'm turnt up  
Yeah, I'm going crazy in this bitch  
My foot on the pedal, this chain isn't metal  
My hoes got a watch on their wrist

I'ma break the bank in here  
Spoink got this shit stank in here  
Fuck your lil' girl, we got tanks in here  
Codeine, got a whole lotta drank in here

Protein, I'ma give the bitch a meat in here  
This Glock got a whole thirty clip in there  
I came from the mud, diamonds bright like a state fair  
Florida Jit, we don't play there

Ain't no place in the world where I can't go  
Say he wanna take my chain, I cannot go  
If he ain't finna shoot, what that Glock for?  
Water all on my wrist and it's ice cold

Fuckin' on this thot with these cuffs fold  
These baguettes on my teeth got my mouth froze  
I can see through these niggas like backdoors  
I can't beef over hoes, that is not code

Roddy Ricch for my niggas at the box  
Five star GTA, car SWAT  
These niggas peons and flies get swat  
Bad bitch in my big getting hours of top

I done put some money in the grave  
Test me, I'ma lay you right next to the wreck  
She said her back ache  
I flipped that bitch over then hit it sideways  
Having shit my way

Nigga, don't tell on your homie, not code  
I'll peep a snake in the dark with a blindfold  
I was just in the trap, time flies, when it's time, go  
I had to freeze up the time, where do we go?

Ain't no place in the world where I can't go

Say he wanna take my chain, I cannot go  
If he ain't finna shoot, what that Glock for?  
Water all on my wrist and it's ice cold

Fuckin' on this thot with these cuffs fold  
These baguettes on my teeth got my mouth froze  
I can see through these niggas like backdoors  
I can't beef over hoes, that is not code
