I need want need more  
Pull up with two doors  
Ice on hockey snow  
Leanin' on the floor  
I got lesbo bitches and you know they wanna fuck me  
I got groupie bitches, they be happy just to touch me  
Pull up rari coupe  
Rari got no roof  
She might drop that top  
She gon give me roof  
I got the cream that's on collard green  
Nigga be tweakin', they off a bean  
I put my racks in my Truey jeans  
I got the moves like I'm Billie Jean

One thing that I know, I can't fuck with hoes  
One thing that I know, I need want need more  
One thing that I know, I can't fuck with hoes  
One thing that I know, I need want need more  
One thing that I know, one thing that I know  
One thing that I know, one thing that I know  
One thing that I know, I can't fuck with hoes  
One thing that I know, I need want need more
