I just put a bitch on molly
Candy paint color he ain't robbin nobody
Everywhere I step I'm solid
Still with the choppa, I ain't talkin bout hidin'

I just hit the bitch with the bezzle
Clear white diamond, got money in my schedule
VVS diamonds hanging on my nigga
Too geeked up and this bitch get wrecked

Candy paint color he ain't robbin nobody
Everywhere I step I'm solid
Still with the choppa, I ain't talkin bout hidin'

I don't even know the bitch name
Took a look at the chain, put the bitch on a plane
Big Maybach, lean back like the pain
Get too close Imma knock in his brain

Still the same nigga I was back in the day
Still slappin nigga, take a pack in the face

I just put the perc in her bra then I pop
Put a bullet in his nigga
Shoot his ass like a socket

I got these hoes all in here in my pocket
I see they jealous niggas my periperal
Stick and the glock tell me what you finna do
Lil bad bitch still here wet my tissue

I got that money, niggas tryna hit it
Running these millions, I got tired of waiting
I don't gotta say shit, and I got them hoes famous
Step out in the drip, look like it started rainin'

I just put a bitch on molly
Candy paint color he ain't robbin nobody
Everywhere I step I'm solid
Still with the choppa, I ain't talkin bout hidin'

I just hit the bitch with the bezzle
Clear white diamond, got money in my schedule
VVS diamonds hanging on my nigga
Too geeked up and this bitch get wrecked
