Spider Web

Smokepurpp

(Glizzy, what you cookin' up?)
Yeah, bitch
Uh, uh
Visualdropp

I've been makin' like nine thousand dollars a minute
This seven go right through a nigga, no screamin'
Niggas be stealin' my swag for a minute
But they know that I was your first like a pilgrim
And I keep that tool on my head like a [?]
That bitch scream her vows everytime that I'm in it
I got it the harder way, not talkin' penny
And I keep a stick with a beam, I'm on Disney
Fuck from the back, say I'm touchin' her kidney
Don't reach for a chain 'cause you gon' have the Camry
I'ma make sure that this pressure I'm givin'
Is just like a spider web, niggas gon' film me
See how I bleep then he cappin', no fearin' me
Just like a spider web, niggas gon' film me
See how I bleep then he cappin', no fearin' me
Just like a spider web, niggas gon' film me

Yeah, bitch
Uh, uh
Uh, bitch

I've been makin' like nine thousand dollars a minute
This seven go right through a nigga, no screamin'
Niggas be stealin' my swag for a minute
But they know that I was your first like a pilgrim
And I keep that tool on my head like a [?]
