

# (I Need Some) Money

**Smokey Robinson & The Miracles**

I need some money to buy the groceries and I need some money to pay the milk man!

Pennies, nickels, dimes, quarters, dollars  
Money

They're driving me crazy!

Honey, all you think about is money  
Oh baby, you drive me crazy

Both night and day, you always say  
I need some money

You want a dollar  
If I say no, you start to holler  
You mistreat me  
But just the same, each time you greet me

Both night and day, you always say  
I need some money

I have to buy the groceries  
Pay the paper boy, milkman too  
You don't seem to realise  
I'm spending most of this money on you

Well-a, well-a, well-a, well-a maybe  
What you said is true, baby  
But still  
You don't know how it makes me feel

Both night and day, you always say  
I need some money

I have to buy the groceries  
Pay the paper boy, milkman too  
You don't seem to realise  
I'm spending most of this money on you

Well, maybe  
What you're sayin' is true, baby  
Oh, but still  
You don't know how it makes me feel

Both night and day, you always say  
I need some money, honey  
Both night and day, you always say  
I need some money, honey  
Both night and day, you always say  
I need some money, honey  
Both night and day, you always say  
I need some money, honey
