

# The Soulful Shack

Smokey Robinson & The Miracles

around the corner from my block  
there's a place with a private knock  
where i know we can really rock  
and they open at nine o'clock... most every night

now it's not a place that everybody knows about  
but once you get 'em in, it's hard to get 'em out...  
of the soulful shack, yeah, yeah

now people call it the soulful shack  
once inside you'll be dancing back  
it kinda makes you feel out of whack, baby  
in the back you can grab a snack... at any time

now if you don't want to go i can't make you  
but if you do want to go i will take you...  
to the soulful shack, c'mon babe

c'mon everybody...just a soulful shack, oh i wanna ooh ooh

c'mon to the soulful shack  
baby don't you want to be included  
where the lover's sit is our chandelier  
and your privacy is never intruded  
because only the in crowd's allowed, yeah yeah  
only the in crowd's allowed yeah yeah yeah yeah

i'd enjoy your company  
baby why don't you come with me  
oh how happy you could be?  
how happy? you get inside and see, oh yeah

now you're part of a special clientele  
who knows what's happenin' and knows it well  
it's a soulful shack, yeah yeah
