

## Are You Still Here

Smokey Robinson

Are you still here  
Are you still haunting me  
Are you still wanting me to want you  
Although you have gone

Are you still here  
I don't know what to do for this  
I thought I traded you for Mr. Blues  
But you keep hangin' on

I thought you had gone for good  
I thought I could make it  
Even though I thought I could  
I can't take it

You're like a chain, my love  
And I can't seem to break it  
You're like a chain, my love  
And I can't seem to break it

Yes, you're still here  
How can you be here when you're there  
I feel your presence everywhere  
Although you have gone  
You keep hangin' on  
Although you have gone
