

## Fulfill Your Need

Smokey Robinson

Put your love in the light, let it stay there  
There's no use going on playing solitaire  
Fulfill your need  
Fulfill your need

Since love's hurt you so bad, now it's taboo  
Come closer now, let me comfort you  
Fulfill your need, oh, baby  
Fulfill your need

A need can prove costly, yet it isn't worth a cent  
If two hearts don't love with a mutual intent  
Love needs love and doesn't cost a dime  
It's owned by two hearts, working and giving all the time

There's a light burning low in my window  
If that old love fire in you can again glow  
Fulfill your need, need, need, need, need  
Fulfill your need, need, need, need, need

Ooh, fulfill your need  
Oh, baby, fulfill your need, need, need, need  
Fulfill your need, need, need  
Fulfill your need, need, need, need, need  
Oh, baby...
