

# Just A Touch Away

Smokey Robinson

You see, love is so close  
Turn out the lights  
Just a touch away  
I got love on my mind  
Just you and me  
No need to rush this feeling  
We're just a touch away  
We'll just take our time

Girl, it's you and me all night  
Holding each other so tight  
Love is so close  
It's just a touch away  
(Just a touch away, baby)

Turn on the music  
Let the feeling grow  
Let's get into the rhythm  
Take it nice and slow

Baby, it's you and me all night  
Holding each other so tight  
Love is so close  
We're just a touch away

Ooh, baby, it's you and me all night  
Holding each other so tight  
Love is so close  
We're just a touch away

Ooh, baby, I'm reaching out for you  
Come to me now  
We're so close, we're so close

So close, ooh, yeah

Ooh, yes, it's you and me all night  
Holding each other so tight  
Love is so close  
We're just a touch away

(All night)  
All night long  
Holding each other so tight  
Love is so close  
We're just a touch away

(Just a touch away, baby)  
Just a touch, just a touch  
(Just a touch away)  
Ooh-wee, baby  
(Just a touch away, baby)  
Just a touch  
(Just a touch away)  
Oh yeah

Just a touch away, baby

(Just a touch away, baby)  
Yeah  
(Just a touch away)  
Just a touch away  
Oh, yeah, oh, yeah  
(Just a touch away, baby)  
Ooh, just a touch away  
(Just a touch away)  
You'll need me, baby, yeah...
