

For a few dollars more

Smokie

G **Am**
Rich girl, she buys her dreams
C **G**
It's a rich world, behind the scenes
G **Am**
Green eyes, they tell ist all
C **D7** **G**
The more she takes, the harder they fall

G **Am**
She ain't easy, she ain't tough
C **G**
She's had it good, she's had it rough
G **Am**
And I guess it don't come too much
C **D7** **G**
But all she's got, she ain't got enough

G **Am**
And she cry just a little for a few dollars more
C **G**
She'll lie just a little like she's done it before
G **Am**
She'll take it, she'll fake it, for a few dollars more
C **D**
She'll show you her heart, and then
C **D** **D7**
She'll show you the door
G **Am**
You know she'll die just a little for a few dollars more
C **G**
Even fly just a little like she's done it before
G **Am**
She'll take it, she'll fake it, for a few dollars more
C **D**
She'll show you her heart, and then
C **D** **G**
She'll show you the door

G **Am**
Strange things can happen to you
C **G**
When you got so much, you got nothin' to do
G **Am**
Nooow, what do 'ya know
C **G**
How'd ya get there, and there's no where to go

G **Am**
So you wonder, just what you'll do
C **G**
She's never known love, but then she's never known you
G **Am**
And it's true that those sad green eyes
C **D7** **G**
Are so full of questions, are so full of lies

G **Am**
 And she cry just a little for a few dollars more
C **G**
 She'll lie just a little like she's done it before
G **Am**
 She'll take it, she'll fake it, for a few dollars more
C **D**
 She'll show you her heart, and then
C **D** **D7**
 She'll show you the door
G **Am**
 You know she'll die just a little for a few dollars more
C **G**
 Even fly just a little like she's done it before
G **Am**
 She'll take it, she'll fake it, for a few dollars more
C **D**
 She'll show you her heart, and then
C **D** **G**
 She'll show you the door
