

Love On A Wire

Smokie

Can you feel my heartbeat
Beating like a drum
Trying to touch your cold heart
Beating up the right song
Moving with the back beat
Hanging 'round your door
Play your little love game
But baby I want more

Love on a wire lifting me up
Love on a wire don't look down
Love on a wire trying to keep your
Feet off the ground

It's not so easy
Walking on a tightrope
With no safety net
Living on high hope
Waitin' on your call
Headin' for a fall
You got me hangin' on
Baby don't get me wrong

Cos every once in a while I feel
Your love can take me higher
Every once in a while I see desire

Love on a wire lifting me up
Love on a wire don't look down
Love on a wire trying to keep your
Feet off the ground

Baby don't get me wrong
Cos every once in a while I feel
Your cold heart getting warmer
And every once in a while I feel
Your fire

Love on a wire lifting me up
Love on a wire don't look down
Love on a wire trying to keep your
Feet off the ground
