

## One Night In Vienna

Smokie

I was walkin the streets of Vienna  
Just a shootin' my mind  
when an angel of the night  
She stopped, said are you looking  
for a good time  
Well I'd had me a whisky or two  
and I had nothing else better to do, so  
I said come on let's get down  
and she blew my - mind  
One night in Vienna  
I was your lover, you were my friend  
One night in Vienna  
One night I never wanted to end  
wanted to end  
Oh, oh, oh  
Said I'd meet her on the corner  
Same time, same place  
Lots of street girls passed me by- but  
No sign of my angel's face  
then another one stopped me  
And I couldn't resist  
But she just left me standing  
with a keepsake and a kiss  
One night in Vienna...  
I often wonder whatever happened  
to my angel  
One night in Vienna...
